

ECOSPHERE

Smoke & Odor Eliminator

A powerful ready-to-use smoke and odor eliminator that destroys malodors without masking them. Waterbased and formulated with the most advanced molecular technology that attaches to all malodor molecules and chemically neutralizes them permanently, leaving only a pleasant fragrance without a lingering smell. This product is ideal for eliminating complex odors such as smoke, pet, rancid or stale food, and mildew odor.

ENVIRONMENTALLY RESPONSIBLE COMPARISON

Traditional Products	ECOSPHERE
Tap Water	None
Nonylphenol ethoxylates	None
Zinc Ricinoleate	None
Propellants	None
	USP DI Water
	Linear Alcohol Ethoxylate*
	Ordenone Deodorizer Concentrate
VOC < 18%	VOC : None
Traditional Compound Descriptions:	ECOSPHERE Compound Descriptions:
<p>Tap Water – May leave water stains from spray.</p> <p>Nonylphenol ethoxylates – a nonionic surfactant that is used to provide wetting and detergency. However, it is derived from a petroleum-based product. It has a suspected harmful biodegradable intermediate.</p> <p>Zinc Ricinoleate – a highly effective deodorant/malodor absorber. Trace amount of zinc may cause problems with toxicity of sewage effluent and meeting discharge permit requirement.</p> <p>Propellants – Often are VOCs that contribute significantly to the formation of ground level ozone, a primary component of smog and a proven public health concern.</p>	<p>USP DI Water – Purified water leaves no water stain.</p> <p>Linear Alcohol Ethoxylate* - listed as Positive Environmental Profile surfactant on EPA design for the Environment Formulator Initiative. A non-ionic surfactant made from linear primary alcohol that biodegrades readily to compounds with low toxicity.</p> <p>Ordenone Deodorizer Concentrate – a patented, metal-free, water-based proprietary blend that features a semi-rigid, concave molecular structure. It has a unique ability to “capture” malodor molecules and hold them hostage.</p>

PRODUCT SPECIFICATIONS

Color:	Slightly hazy	Solubility:	Complete with water
Odor:	Floral	Flash Point:	None
pH:	6 – 8	Biodegradability:	Complete
Viscosity:	Water thin	Storage/Stability:	1 year
Foam:	None	Weight Per Gallon:	8.37 lbs./gal.
Propellants:	None	Freeze/Thaw Stability:	Keep from freezing
Phosphate:	None
